Deer Meadow Farm

Deer Meadow Farm raises and sells only **“Hormone Free”** heritage Berkshire hogs. Pork can be purchased by the piece, or in half or whole hogs.

Our hogs are raised all naturally without any hormones or steroids. The hogs are fed a grain based diet of corn and soybean meal.

Deer Meadow Farm also sells Level Farm beef. Level Farm beef is locally raised by C. DeWitt Tharpe in Churchville, Maryland. The steers are raised from DeWitt’s own closed herd stock. The cattle’s diet includes grass, hay and grain. The cattle are finished on grain. Growth hormones or steroids are not used to raise the cattle for Level Farm beef.
